

Wayne Skidmore Condie

June 3, 1953 ~ December 8, 2022

Denise, it has been a number of years since you all left Houston.!! I am saddened to hear that Wayne passed. I will pray for you and your family that you will find peace and comfort. May the Lord hold you and bless you with all that you need.

- Mary Beth Young

Dear Denise & family, I was very saddened to hear about the passing of Wayne. We were very fortunate to have your family as neighbors in Houston. I remember Wayne as a good and honorable man who loved his family! May your faith and loving memories get you through this difficult time. I send my deepest condolences and sympathies to you and your family!

- Laura Whitlock

Oh my heart goes out to each of you with this tremendous unexpected loss! I remember your dad the way you speak of him…He was a man of integrity, and I remember his friendliness when he talked with me and others. I love that I can see little bits of him in each of his children. I'm so sorry that you will be without him for a time, and how early it seems to have come. We love you all and will be praying for each of you, especially sweet Denise. May God give you safe spaces in which to grieve, and help comfort you when you need it most. I pray you will have opportunities to connect with one another, and feel his spirit too, along with the Savior's healing presence. We love you all!!

- Sharla (Marrott) Borrowman

Denise and family. I'm so sorry to hear of Wayne's passing. I had the opportunity to spend many days with him in Tucson with his physical therapy treatments. He is probably one of the hardest workers I've ever come across in 38 years of being a therapist. He had an amazing spirit and was he very good person. You are all in my prayers. Melody Browne.

Denise and Family... Our heart and deepest sympathies are extended in the passing of Wayne. We were shocked as we Learned of the passing. We did not find out until today. 28th. Though distance divided us over the years, we know something about the line up in Oct of 1974. You are great friends. Wayne was my friend in the High School days and we love the Condie family and all of its branches. Denise.... our thoughts and prayers are with you. Rob and Colleen Bauman

- Robert and Colleen Bauman

Wayne and I hung out a lot during our days at Highland High. We prepared for our lds missions together ad challenged each other to read church books. We finished reading Jesus the Christ on the same day. We attended two or three sacrament meetings on the same day. We attended the Provo Temple and afterwards rocked out in the car to the first playing of the Doobie Brothers Oh Black Water. Wayne was the anchor of our intramural basketball team named Lewi's Marauders. We had Wayne, Duane Tippets, hall of famer Hutch Hunter, future appellate court Justice Russell Bench a larger center from Murray high school and I believe his brother Paul Condie may have played n some of the games as well. We were undefeated as we had a bigger and stronger intramural lineup than many varsity basketball teams did. We sat next to each other in Dr. Scanland's English class. Dr. Scanland threw me out of the class for just yawning during her speech. I was devastated but Wayne explained to me that she was strict and I would no doubt meet many strict people in my life. Wayne had a great sense of humor and always quick to find the humor in alot of situations. I was so fortunate to have Wayne as my high school friend.
