

Daniel Anderson Flandro

October 17, 1945 ~ January 14, 2022

Carolynn, I have missed Dan's yard presence since his illness increasingly prevented him from being outdoors. I have fond memories of our conversations over the common fence as he educated me about the neighborhood and its history, battled with his sprinkler system and the repairs to our adjoining fence, unexpectedly kept an eye on my yard when I was out of town, or just passed the time of day. From his obituary, I learned about many more things that endeared him to his family and friends. I would also like to add being a first-rate, engaged neighbor. He has left behind positive memories! Hope to continue the conversations with you and Daisy. Arlene

We really enjoyed being neighbors with Dan. Lots of great positive interactions over the years. All our love to the family!
