Dan will be missed! He was a very kind and gentle man that really stole your heart. I loved working with Dan all the years at Primary Children's. He was a giant kid at heart and loved his family very much! Fond memories of him driving his truck with all the stuffed animals on it! Rest in peace Dan

Dear Suzanne and family We were so sorry to get the news about Dan's passing. Suzanne, you and Dan's have been in my prayers so very often. Please know that you and he were just one of those people that seem to stick out in one's mind. Your kindness and gentle personalities were one of those things that make you stick out. Our prayers are with you all, at this hard time, which comes to us all when our Father in Heaven wants us back to continue on as given to us in his plan for each of us. Hope i didn't say anything that would be offensive to anyone. We do love you very much.

I had the unique privilege of being Dan's primary care doctor for 10+ years. Whenever I saw his name on my schedule, it always brightened my day. Dan was a ray of sunshine and positivity despite his many health challenges. His kindness and love for others dominated his life. We often spoke of his love for his family, especially his grandchildren who he relished spending time with. I am blessed to have known him and am sad I won't get to see him again. I am grateful for the grace he taught me. My love and prayers go to Suzanne, Max and Marley! Love, Dr. Jackson

What a good man. I was lucky to have known him. I see the same goodness in his son. One of the best and kindest people I know. I share these words from composer/song writer Michael McLean: "Well, it's hard to say good bye and let go And it's hard to see it end When the mem'ries we've just made May never happen again. But it's harder for time to ever erase The together times we've shared. So, when we're apart remember All the love we shared together And for all that love, Thank the Lord above Who showed us the way That we can be together, forever someday"
