
William (Bill) Higgs

September 15, 1928 ~ April 14, 2022

Here's to the man that taught me right from wrong, even though I didn't listen when I probable should have!! To the man that was there for his family at ever turn!! To the man that lived to be the oldest living Higgs!! I salute you dad!! I will definitely drink a very cold MGD in your honor!! I Love You and will miss you immensely!!!!!!!!

I am truly sadden to see this. I had the pleasure of working with Bill many years ago, he was simply a great guy and a very good friend. Even after we stopped working together we would stay in touch and he was always the one making the first call to check in and see how I was doing and give us a chance to catch up. Unfortunately, we eventually lost touch but I have often thought about Bill and was hoping to reconnect some day. I will never forget him, he was the best! I will miss you good friend and Godspeed on your next journey.
