

William Karl Robinson

July 22, 1930 ~ November 26, 2021

JIll and the entire Robinson family, I am very sorry for your loss. During this time, I pray that you are finding peace and comfort. I will remember your father as a man of strength, kindness, faith, and unconditional love.

- Tiffany Evans

I dearly loved my uncle Bill! I have many fond memories of during my growing up years of this sweet man and his dear family! I have had the privilege in the last few years of spending time with he and my mother at their cabin properties in Oakley. Together we spent wonderful hours playing tons of card games and chatting! I really loved talking politics with him! He was a true patriot and dearly loved American. He also brought me back to the game of bowling which I had not played in a long time! It was a blast to bowl with him! The last time I was with Bill was a lunch date with he and my mom! The afternoon was delightful and of course he treated us and paid for the date! My heart still smiles to recall that last day together! I will miss those lunch dates, card games, bowling and the chatting sessions we shared together! I am so happy to think that he at last is reunited with his dear Donna, Grandma and Grandpa and his other siblings. I love you Uncle Bill and I am going to miss you! file

So sad to here of Bill’s passing he was a great guy I wish we could have gone to his funeral. I will always be grateful for him giving us the opportunity to purchase his parents cabin in Hidden Lake. We will have many family memories at the cabin over the years thanks to Bill and Donna. We’ve known them for over 40 years they were always so nice to us and our family and enjoyable to talk to. They will be missed and we longer have Bill as a neighbor at the cabin. We extend our condolences to all of his family at time.
