Oh, Robbie...I'm so sorry. You had such a special relationship with your dad, and I enjoyed hearing all the stories of his triumphs and what made him happy. Wishing you and your family peace and wonderful memories. Warmly with condolences, Leslie

Bill was a true friend, I so enjoyed his friendship, spirit & energy. I am saddened he has left this earth for a better place, he shall live on in my heart and mind forever! God Bless you Bill, God Bless your family! Forever Rest In Peace!

Brandon, I am extremely sorry to hear about your dad. It sounds like he lived a full wonderful life. My heart and prayers are with you and your family!

I will always remember Bill's infectious smile, laugh and welcoming attitude when he would get together with my family. I remember how he and my dad Gary would get excited at finding the newest Tom Clancy book to get the other for their birthdays. They would get together and catch up with Bill updating us on how his cycling progress was going or how he was slowly becoming bionic after his different surgeries. My dad would love to tell us stories of his skiing adventures with Bill when they were younger, about how he would be finishing up his first run while Bill would already be on his second or third. He said Bill would race the tram down at Snowbird and beat it just so he could hop on and be up at the top ready to go again immediately. I will miss his smile, his laugh and that mischievous twinkle that he had in his eye. I would like to think that my dad was there waiting to greet him on the other side so that they could once again sit down, catchup, talk about books, family and just laugh. Sending love and condolences to his children and grandchildren from Sara, Morgan and Courtney Emery. Your dad was truly an amazing one of a kind and will be missed.
