

Daniel William Myrick

February 23, 1940 ~ May 11, 2024

I was just told of your loss and wanted to tell you how sorry I feel for you all. The memories I have of growing up with the Myricks and all the fun we had together I will always keep in a special place in my heart with memories of all of you. God Bless and keep you all. To Anita I have never stopped loving you and will never stop .

- Karen Muthreich

I’m sad to see the news about Dan. I had the great opportunity to work and know Dan. Dan was one of the most knowledgeable electricians that I worked with in my 50 years in building construction. We managed and worked on multiple construction jobs together. He was the electrician and I was the plumber. Dan was so helpful in finding solutions to conflicts . Dan left an outstanding mark and legacy in the building construction business. My sincere condolences to Dan,s family and friends. We will ALL miss this GREAT MAN. Rest in peace my friend! Ron Mayer

- Ron Mayer

Dear Myrick Family, I am so sorry that I can’t be at the funeral. I have so many good memories of Dan and Anita. You have helped me out many times and Spencer thought so highly of you. I am so grateful for your concern for me and how you loved Whitney. He was also thankful for your love and caring. May our Heavenly Father bless you all. We are an eternal family. Please stay in touch. We will miss you, Dan. Much love from your sister, aunt and cousin, Michelene and Spencer

- Michelene White

I have so much love and admiration for Craig . I truly wish I could have done something to prevent this and would proudly take his place so he could continue to save countless lives with his knowledge and Providence .
