Dear Bonsall family, I am sorry for the loss your beloved wife, mother, and family matriarch. Although I never met Mrs. Bonsall personally, I feel I've come to know her through her daughter Cynthia, who has also spoken about her mother with such high admiration, love, and care. I wish you all peace and unity as a family at this time.

I can hear her calling me Anne Marie ... like her children, Yolanda is part of the fabric of my amazing childhood. We had the best neighborhood family and although we've scattered I love keeping in touch and have such amazing memories. Many of course included Yolanda scolding me for dancing on the fireplace hearth, doing a dance party in sparkly shirts and rainbow suspenders, and maybe a dirty joke or two. She will surely be missed and left an impression for sure. Love you Bonsall family!!

My condolences to the Bonsall family. I was fortunate to be able to see her not to long ago when I went to Utah to work and enjoyed my visit with her and Charlie.
