

Darryl W. Thomas

October 1, 1943 ~ October 1, 2022

DR. Thomas was a good friend. He was a stauch supporter of Academic Games. We loved him.

I am so sorry to hear of Darryl's passing. We both attended West High, played in Dalby's boys band, also were in the UofU marching band. We had many a good laugh about our senior class English teacher, and most importantly, Darryl was always a true gentleman. In later years, our paths did not cross very often, but nonetheless he will be missed. God grant him peace and a most rewarding continued journey.

Darryl was my AP Calculus teacher at East High School in 1972/73. I remember him as very competent, proficient and kind. He helped me prepare for my career as an actuary.

I spent many years working with Dr. Thomas in the National Academic League program in Granite District. This meant, of course, that I knew his competitive nature and his keen intelligence well. But it also meant that I spent a fair number of Lagoon Days witnessing him coax our junior high team members to go on the most extreme rides Lagoon had to offer, all while he told them stories of more dramatic roller coasters he had conquered elsewhere. He was truly an adrenaline junkie. ;) He will be long remembered by the students who played on teams from numerous years.

Darryl was probably the smartest person I ever knew. His work ethic was incredible. I also had the privilege to rub shoulders with him on a personal level and considered him a good friend. He will be missed.
