

David (Dave) Mack Horne Jr.

March 29, 1954 ~ September 27, 2021

Dear Horne family, I'm so sorry to hear of Dave's passing, but the memories of the adventures and good times we shared will forever bring smiles to my face. I love your family, and each of you hold a special place in my heart... All my love, Mike

My condolences to Dave's family and his loved ones. Dave was always Uncle Dave to me. Uncle Dave, taught me how to drive stick shift in his truck, and if you knew how tall Uncle Dave was, you would also be able to assume that I could barely see over the steering wheel while holding down the clutch and gas at the same time. My Dad and I used to go every weekend with Uncle Dave up to lambs canyon. I learned how to chop wood, build the perfect fire, and stir the pit with an old shovel. We would jam out to vinyls and howl at the moon, and stars. I will never forget how much fun the three of us always had out side in the woods, and even our special trips "mining" for gold. We never found that gold, but maybe I'll be able to live on his legacy and find us some! One time we made a concert pact, I cleaned the cabin, he bought my concert ticket! It was awesome! Uncle Dave was a legend, and I hope his stories will forever carry on. Sincerely, little Nero, Kate

I met Dave at T&R Four Wheel Drive over forty years ago and we became good friends over that time period. Dave and I spent a lot of time up at the cabin in Lambs Canyon cutting and splitting firewood and generally cleaning up dead fallen trees off of the property. We also drank a lot of beer in our quest to argue through what we perceived were solvable problems of the world. He had a great sense of humor and was willing to laugh at you as well as laugh at himself . He liked picking up rocks that he thought looked promising for silver assay as he was always looking for the Horne Silver Mine. I moved to Reno in 2017 and only talked to Dave on the phone 3 or 4 times per year the last time being in early September Of 2021. Thank fully a friend of mine forwarded his obituary to me . I will miss Dave . Jonathon give me a call at your convenience. John Nero 801-541-0614

I have known Dave for many years. We would team up on electrical projects that he would procure. He was always continuing to educate himself in the trade along with other ventures. He is a good man and I'm sure will be missed by many such as my uncle Bruce Sieverts, he was really shook up to here of Dave's passing. I passed Dave downtown about a day or two before he left wish ida chased him down now.
