Dear Lorraine and family, I am sorry to hear about Davey, so please accept my sincere sympathy. Davey and I spent time together when we were young and I did get to see him at one of the high school reunions. Words seem empty to express sympathy but I hope fond memories help you through this difficult time of loss. Please know my

thoughts are with you. With sympathy, Dr. Reg

We are so sorry Lorraine for your lost. We are never thinking about Lorraine without Dave. For us Lorraine and Dave is one big heart, 'two in one' in everything. David is very intelligent, decent, responsible, kind person with a sense of humor. We remember our trip to Brice Canyon. We had a great time. It was frost, cold and windy weather but we were warm and interesting together. For us it was fun and astonishment, when Dave chose his favorite hamburgers instead of homemade food... May be we are happier than many other because we have a special presents made by David. The first gift was the wood clock for our mom. Another one was later. When we got our citizenship, David made a wood box with American Flag in it. It was so wonderful , we are very grateful to him for this. The most amazing thing is the date on this box - 19 November, 2003. This date is Dave's birthday and there is something symbolic in it. We will always remember David only with the kind words and gratitude. We will miss him. Lorraine, we are always ready to help you in everything. Just tell us. You are very strong, brave, beautiful woman, we love you. Dave, Rest in Peace. Kindem of Heaven and Eternal Rest. Amin. Pavel and Svetlana Milyavskiy
