I am sad to hear of Dave's passing, he was truly a great man. I had the pleasure of working with Dave for many years. We had lots of great conversations and even more laughs. My thoughts are with his family and all who were fortunate enough to know Dave.

I can hear David's laugh so vividly. I'm so grateful for the friendship David and Marlyse shared with my parents, the adventures they shared and the endless laughter. I can't count how many evenings I said goodnight while a game of cards and friendly banter continued on for hours, or how many miles they must have put on their motorcycles over the years. What an incredibly lighthearted and fun loving soul. I'm grateful I get to have such fond memories, and know that many others feel the same. My heart is with you and the family, Marlyse.

I was truly heartbroken to hear about David's passing. The memories we shared growing up together will forever be cherished—our laughter, our adventures, and the bond that time could never break. I remember nights in the A-frame on the Priddis farm and riding the 3-wheelers around. I remember going to prom with our dates and the medieval theme of the night. When I got off my mission, he was there. After marriage, he and my kids had great cookouts and many fun times with our families. I remember going to Tie Lake and having long, meaningful talks. It's hard to find the words in moments like this. David was a dear friend, and I will miss him. My thoughts and prayers go out to Marlyse, and I am here for you. May you find comfort in the love and support of those around you and strength in the beautiful memories that David has left behind.

Marlyse, I am heartbroken for you and your family. I am so honoured to have met David when you both visited the Miramichi. Even though it was only the once I met him, that was long enough for me to feel David's warmth and kindness. So sorry for your loss.

David was a great human. I enjoyed running with him and his enthusiasm for the product I best associate him with (DV) was inspiring. He also helped me with my own company's marketing awareness. He will be remembered fondly by me and my colleagues.

So sorry to hear of David's passing. I was married to his oldest cousin Kathi, for 33 years before her passing 20 years ago. I always enjoyed being around him when he was still in Calgary with his young family. He was a great man and will be missed by many, including those of us who are far away. Happy running in Heaven David!
