Sunny and Family: I am so sad to hear of Dave's passing. What a great guy and a wonderful Physical Therapist. I will always have fond memories of Dave. Sunny- I have thought about you many times over the past years and always remember how much the two of you loved each other and were so "bright" in each other's presence. We had some fun evenings together, too- the four of us. I will wish you all much peace and hope in this time of incredible loss. I know the stars will shine a bit brighter now in the skies. Blessings- Laurie and Mark Raleigh

Dave was a great guy. He was fun loving, hardworking and always caring. I worked with him at LDS hospital when I first became a PT. He remained a life long colleague and friend. He was always willing to work together and share knowledge to benefit our profession. He will be missed by the PT community. Georgia and I have many fond memories of him. Our sincere condolences to his family, we hope time and your memories will give comfort. Sincerely, Rick Hobusch

Dear Sunny, Jerrod, and family. What a guy! Every time I was with him I laughed! I worked for him for 12 years at the Alta View Hospital office and always looked forward to going to my job. Umm, laugh and help people get better? Nice job. Dave's humor and energy were always present. My favorite weekly memory was Dave running out of the whirlpool room holding on to anything that looked like a microphone. He would burst into Robert Palmer's "Addicted to Love"! I believe he is up in heaven dancing and singing that song now. Thank you Dave for putting me back together and being a good friend! I love you!
