

David Gost Richards

July 28, 1961 ~ May 31, 2022

I am so sad to hear about Dave's death. He and I went through school together from elementary school through high school. He also played squash with my husband. He was such a talented athlete! I remember in grade school he was always a team captain and You knew if you were picked for his team you would be on the winning team. He was a beautiful squash player . Always in the finals and so fun to watch. I also remember how kind he was. I am so sorry for your loss. ■
