

## David Lingwall

*May 24, 1979 ~ April 23, 2025*

---

Dave was such a kind man who truly loved his family. This is just such heartbreaking news. We are so sorry for the it families loss.

- Lori North

---

I'm so sorry and I am praying for your family to feel comfort.

- Cheryl Apple

---

I have so many fond memories of working with Dave at Zions. Although it was many years ago, he was one of the best co-workers I have ever had. His kind spirit and humor helped me through some difficult times of my own. I remember how much he adored his wife, and often participated in helping the family sell jalapeño jam at farmer's markets. I know he will be dearly missed. Sending all my love to the family.

- Laura (Shepherd) Gale

---

Dave was such an incredible person, one of those rare exceptions to the world. I got to know Dave and his amazing family during his first transplant where he made a quick transition. When he came back for the 2nd time I was so grateful to get to be apart of his journey for the 2nd time. Dave never complained and I remember at Christmas time he and I brain storming how he could recognize his wife from his hospital bed. There are so many vivid memories of time he and I created. I was truly honored to be his nurse and I simply wish the outcome would have turned out better. 5 days ago was the last time we would talk and I just wish it was under better circumstances. May god bring your family comfort during this awful time of mourning and may you fly high. God speed dear friend!
