

David Odom Seeley

September 22, 1949 ~ July 14, 2022

Dave was a delight to live next to for many years. His stories were enjoyable to listen to and his laugh contagious. As Dave tried out his new camera our summer flowers and red porch chairs made it in to his photo collections. He had an eye for photography. He was a brilliant man with a desire to share the research he was doing when he was first diagnosed. He would stop over and tell us he wanted to help others who would become ill with all he was learning. Dave and Denise were good neighbors and friends. Thanks for the memories Dave. We will miss you and continue caring for your sweetheart.

- Cindy Lampropoulos

Hi Jon , deeply saddened to hear the news ! May God give you ans family the strength to bear this loss - Amen .

- Saurabh Sharma

David was a beloved neighbor and friend. We will always remember his kindness to us when Dennis had heart problems. He took out our garbage every week for over two years. Even after Dennis recovered, he insisted on doing it. His kindness will not be forgotten. We always enjoyed visiting with him. He had a sharp mind and our conversations were always stimulating. He will be missed on our street.

- Mary and Dennis Russell

Dave was an early and invaluable legal partner in my early medical device career. Without his incredible diligence and intelligence and extraordinary work ethic, the lives of so many of his clients would’ve been much different. Over the years of battling various legal matters, Dave became a friend and advisor. Amazing man Gary Crocker

- Gary crocker

What a brilliant man Dave was! I didn’t know until reading his obituary about his science background or that he was a Lt. Colonel. I just knew him as a brilliant lawyer and Denise's loving husband. He was always extremely humble and truly interested in others. We had the pleasure of playing golf with Dave and Denise at Hidden Valley and it was clear they were madly in love with one another. Dave was a class act in every sense of word. Hugs and condolences to you Denise, his children and grandchildren. Kitty LeValley

I was shocked and saddened by the news of David’s passing. I was honored to have been David’s legal secretary at Workman, Nydegger & Seeley until my husband’s (Ken) work transferred us to Las Vegas in 1995. I was able to keep in touch with David over the years until we lost track of each other after Ken was diagnosed with Cancer (Multimyloma) in 2002. We returned to Utah in 2019 to get more specialized treatment for Ken at the Huntsman Cancer Institute, but sadly I lost Ken in 2022, just 19 days before David would also pass. I send my belated Condolences to David’s family. David was truly a talented attorney, a wonderful boss and a treasured friend. He will be missed by all who knew him!
