

Dawna May Holm

February 26, 1963 ~ January 21, 2025

Many times we asked Dawna to go and check on Vern after no answer on the phone. "What if I find him in the sauna..shriveled up like a prune?" "What if he's in the hot tub..drowned?" Yet over she went and always found him..just fine. She was a fun staple at family parties. How we loved her wit and sense of humor! We share in your sadness but also rejoice in the memories. Was able to connect with Dawna in 2018. It was great being able to ping her through messenger after not seeing her our grandfather's funeral. Our last words were Merry Christmas last December Steve, Des, Sending our love to you at this time and always. Dave

I look at Dawna's picture and remember her wonderfully, fun personality. I worked a long side of her for years and I think she made our work atmosphere a whole lot of fun. I loved laughing with her and her quick wit was amazing. Beautiful Dawna, a heart of love. My condolences to her brother & family, and especially to Teresa, she loved you all.
