We're so sorry to hear of Debbie's passing. It's been a long time since we've seen her and her wonderful family and sisters. But we have some of the very sweetest remembrances of you all. You're all in our prayers. Wish we could be there to hug you and tell you in person. Hope her love and good memories will help your hearts now. Sincerely
Pam West and Bobbie, John and Isaac

We just learned of Debbie's passing. What a wonderful and beautiful person. We were blessed to be neighbors for several years when she was a young woman. She and her family were a strong part of our neighborhood. May your family have the Lord's comfort and know you will be together again. Love, Denice & Larry Meyer
