Debra worked in the call center on the same floor as me. Even though we didn't work in the same department I knew who she was and often heard stories of her daughter. She was truly a blessing for Maddie and loved her so much. So sorry for your loss!

Maddie, I worked with Debra for several years in the legal department. She was truly a great person. She would always talk about you and when you came for lunch in the office, it was always great to talk with you and her. I am sorry for your loss. May you forever know that she loved you with all her heart. I will miss her very much.

We have lived a few houses up the street from Debra for about twenty years. Debra always had a kind word and an enthusiastic smile when we saw her. She loved laughing at us as our dogs took us for walks. We will miss having Debra and Maddie in the neighborhood.
