What a beautiful story of Debbie’s life. I am sorry it was taken away from her way too soon. Condolences to friends and family. Hoping that her spirit will live on through every beautiful photo she created.

I met Debbie 4 years ago when I was a new grad RN. I had always heard "nurses eat their young" but Debbie was so supportive as I was adjusting to a new career. She never made me feel dumb or inferior, and she was so approachable. I'll always remember her for that.

Our hearts are broken as we farewell Debbie from this life. She was truly an inspiring and lovely lady. Always smiling, always caring , always thoughtful and forever a wonderful dedicated mum and grandmother. She only spoke kind words and made all of her Australian family feel so loved and thought of. Her dedication to grandchildren both in America and Australia was to be admired never missing a birthday Christmas or gifts just because. We will miss you Debbie but your memory will live forever in our hearts. To our Darling Jess Michael Matilda Felix Randy JJen Avery Arya Eliana Nick and all the family we offer our most heartfelt sympathies and condolences.

I am so sorry for the loss of your sweet mom, and grandmother. Wishing peace and comfort to your family at this time. I know how much she cherished, and loved her dear family. She was thrilled to spend time with you here and in Australia. Debbie was a great friend and co-worker. I loved working with her. . She loved nature, we had a great time attending the Great Salt Lake Bird Festival together. I loved, and will miss your mom. Out of town 7/14. Prayers and Hugs, Irene Smith
