

Della Mae Palmer

Aug. 10, 1925 ~ Feb. 27, 2023

My deepest condolences ■ to the entire family and all of her friends. Her son Bryce was my ministering brother and became a dear friend when his family lived in Chicago. We often smiled at the fact that both our our beloved Moms are named Della. I hope they've met on the other side by now. Love and condolences to all, especially Bryce, Maria, Sam and Eden.

Going to visit Della Mae was such a special part of my childhood. Her kids were lively and rowdy and Aunt Della Mae was patient and soft spoken, we could be guaranteed a good time at the Palmer's and she was a big part of why. I regret my grandkids didn't have the opportunity to know her. I can still see her bustling around her kitchen at the house on Downingtown Ave. She and my mother Betty were not just cousins but alot like "girlfriends". Aunt Della Mae was an important person in our family. Now, I have memories and she has moved on. Glad I had the chance to know her.

We have so many wonderful memories of Della Mae and her children. She played a swinging trombone, only one of her many talents.

Dear Palmer Family- I was flooded with memories of Della Mae as I read her lovely obituary. She was a fixture in the Monument Park 10th Ward, usually with a flock of children around her. Jana Lee was close to my age and I watched your mother care for her with love and concern. Much love to you all at this time of parting.
