*February 6, 1953 ~ December 18, 2023*

Brad Brouillette, son of Robert Lee Brouillette and Marcelline Ann Dietrich, sadly passed away in the early morning of December 18, 2023.

Brad is survived by a brother, Dan Brouillette, two sisters: LeeAnn Bieber and ReNae Brouillette and his husband of fifteen years, Terry Gosser.

Brad was a kind and giving man who spent his life trying to help and educate people in the realm of Pharmacology. His career led him to work mostly in hospital pharmacies in the transplant and oncology specialties. In his service, he was an instrumental part of the team when his hospital was receiving tortured refugees from Bosnia in the 1980's.

Brad had a deep love of history, the arts and good conversation in which he tried to help people understand the succession of events leading up to current events.

Brad's years of education, which was extensive, lead him to earning two PhD's and several bachelor's degrees in everything from gerontology, pharmacology, history, and the arts.

Brad was a wonderful man who loved deeply and gave of himself freely to the people around him. He will be missed by all the people whose lives he touched.
