Aunt Dawn was a rich blessing in my life, and from the time I was a young child, I loved and adored her. She and my mom, Ila, loved being together and their close relationship was ongoing throughout their lives. They knew how to have fun together and to make any family gathering a joyful, amusing and memorable experience. More than that however, I treasured my personal relationship with Dawnie, as we called her, and she will always remain dear in my heart. I would call her periodically, especially during the past ten years, and she was always so delighted to hear from me and we would have lovely conversations. She lived a rich, full life and brought such happiness to so many. She made my life better. Oh, how I love her and how I will miss her! I send all of her children and other family

members and friends my love and condolences, knowing from personal experience the breadth and depth of your loss.
