So sad to hear of Delpha's passing. She was such a great friend to my grandmother, Kerma Noyce. I remember as a child going to church while staying at my grandparents' house. Delpha would always sit with Kerma in Sacrament meeting. After Grandma died, I still would bring Delpha Christmas candy's that were Kerma's recipes that I had made.I had brought her candy the first of this year and Delpha was so happy to get them. I will miss making a batch just to be able to bring her some.
