

Bud Roy Perry

March 5, 1946 ~ December 7, 2021

Bud Roy Perry was born March 5th, 1946 in Salt Lake City to parents Roy and Verona Perry. He was the youngest of 4 siblings, Ted, Diane and Norma.

He married young, to his first and only love, Carol Dee (Perry) in Salt Lake City. Later relocating to California, then Nevada and back again to Utah. They made many incredible memories together traveling, adventuring and camping all across the nation. This is where he started his passion for collecting wonderful beer steins from across the world.

Then came the time for children. They adopted twins and created new memories with them, traveling and going to state parks. He enjoyed spending time with his grandson Ronan, creating a wonderful large model train display, adventuring and camping.

He is preceded in death by his parents, his son, Bud Perry, brother Ted and sister Diane. All whom he had wonderful times with and they him.

He is survived by his dedicated and dear wife Carol, grandson and best friend, Ronan Blaize, sister Norma (Gary) and many, many other members of family.

Bud will be deeply missed and there will be a true void without his presence, but we all await the happy day when we can be reunited in love and happiness.

Flowers and Condolences can be sent to the family home in care of Ronan. Services will be determined at a later date
