

Denis Ray Phillips

December 13, 1938 ~ February 21, 2024

Dennis and I played baseball on same team for years. He was a great catcher and friend.

Bonnie and Ben, my deepest heartfelt condolences. Dennis was such a kind and peaceful man. He contributed his artistry in so many ways. Painting, framing, politically, familial and socially gifting his person and eye to make our community and world a little more of a beautiful place. I’m grateful to have known him, had lifelong friendships with his sons and own several pieces in my home that Dennis contributed to with perfection, appropriate presentation and support. Dennis Phillips will be so missed. May the pain in your hearts be eased by celebrating such an admirable and meaningful life. Peace be with you,
