Jennifer I know what a pillar of strength your dad has been to you. Sending love and prayers to you and your family.

I'm Mike's sister in law. Frances and Mike were going together when I was 11yrs old. Mike was always kind and patient with me! He would come over to the house to pick Francie up for school. He would sit in the rocking chair in the living room. I had a Siamese cat/kitten at the time who was very active and Mike would pick him up and the only way I can describe it is he hypnotized him. Laid him on his back and SinSin would be very still like he was tranquilized. I asked Mike how he did that because I was amazed. He would just smile, never did tell me. I still have that rocking chair! Mike was great with my two sons CD and Steven. Steven knew him more and really appreciated the time he got to spend with Mike and Francie. My late husband Roger now has a great friend with him! Love you Mike, will cherish the memories!
