What a wonderful man and such a great example to everyone. Rest in peace, you have earned it. Bill and Carol Henderson and especially Taydin.

So sorry Robert to hear of your fathers passing. But we jump for joy as he has walked through the veil into your mom's arms after a long wait. May you and your family be blessed with that special love and peace from He that created us all. Love ya, Ted & Linnita

Robert, Denene, and families we send you our condolences and sympathies for the loss of your Dad. He was a great man and always lived a very good life and was a great example. It runs in my mind that he graduates with my Mom from WHS. I remember our neighbor and friend Maud always loved when Dennis and Imogene came to Koa. She always anticipated their arrival. I remember getting to spend time with Denene Dennis is related to my husband’s mother through the Dalley family so that was a good connection to make with my mother in law. It’s a small world. Our family sends you our thoughts and prayers. Dad is doing great at age 102. Sincerely, Dee Barlow Hatch and Larry and Janae Hatch Blakw
