I started working with DeWayne at the Smelter in 1989. I was twenty-eight when I came from the Concentrator to the Smelter and DeWayne stood out among many who befriended me. He was always good for a laugh and was liked tremendously by all. He was very good at his job and you couldn’t help but like him. DeWayne, my man, rest in peace and may the Lord bestow comfort and love to your family. Queenie, RIP. JimMonsen

We have some good memories with Dewayne. We had fun doing the chicken dance , and having drinking at the shooting star with him and Eric, and he even took a vacation to Bear Lake with us years ago. He was fun to be around he had a good sense of humor. We will miss you Dewayne. Don & Debbie

What an amazing friend, mentor and fun guy! Dewey took Shane under his wing, when he was young and started with Kennecott, and took our small family in as his own. We have so many wonderful memories of him. If Dewey loved you, there is nothing he wouldn't do for you. Our hopes are that the pain his family and friends are feeling, will be replaced with smiles and laughter when you remember him in earlier days. He is one in a million, and we've

missed and will continue to miss him. We love you Queenie! ❤■
