I met Diane in Zumba class and immediately knew she was one special lady. She was always the best dressed in her matching exercise clothes and often added some sparkles. She was so kind and warm to everyone. My husband and I had the pleasure of being able to see Diane and Buck socially. We always looked forward to those occasions. We will miss her sweet spirit.

Diane was a member of our group since 2009, starting our as Red Hats, later changing to the Hattitudes. Here our some remarks from members about our 'sweet, little Diane': Sweet friend, always interested in what you were doing, she was loved by so many, we'll miss her beautiful smile and beautiful spirit, sweetest lady I've ever known. We will definitely miss her every month at our events, she can't be replaced.
