

Dolores Irene Hancock Robertson

May 8, 1928 ~ July 7, 2024

What a special, wonderful, Godly woman she is. I knew her for a short time. But that was long enough to know her heart. She loves all whom she met. She will be missed by all. Her family and friends. She has been an example to all she knew. She will forever be missed and always loved. We love have lots of love for her and her family. Kathy McDonald and family.

- Kathy McDonald

Dolores was a beautiful lady. Her hair was always perfect and her spirit so kind. She was a blessing and inspiration to many people in her journey through life. It was hard to see her decline and then have to go and live in a care center, but your devotion to her, Shellee, was a blessing and an example to us all. I am so glad that I was able to get to know her. My sincere condolences to you and all your family.

Shelly what a beautiful amazing send off of such a wonderful beautiful woman we are so lucky to have had her apart of our lives. She was one of the greatest examples to me, but her loving arms she would give to me, her hugs was filled with so much love. I'm going to miss her but I'm so thankful she has finally been released from a horrible disease. I pray for my mother she can be released as well from Dementia, this is such a heart reaching disease, I can't believe what they feel trapped in a body that they have no idea what's really happening. I cry for each one of you but we can also rejoice for her to finally she her beautiful daughter, grandson and her amazing parents and all of those who we have lost but thankful for the Gospel of Jesus Christ knowing without a doubt we will be together again because of the great sacrifice our brother Jesus Christ made for us. I love you all and I pray you will feel the comfort of all of our prayers and love. We love you so so much Aunt Deloris . Please let everyone know how much we look forward to being together again very soon . Love you Shelly I hope you know how much I love you and I'm praying for you and all the rest of the family. Love you all
