

Don Stanley "Stan" Allison

March 12, 1936 ~ September 21, 2021

I’m so sorry to hear about the passing of your father and husband. We the Robinson s are sending our condolences to o the Allison family. We were members of the Roseville Ward in Michigan.

- John Robit

Our thoughts and prayers are with you all at this time as you grieve. Please remember we are here with you for whatever you need and know there is a happy reunion going on in heaven. ■

Stan Allison preferred serving others privately, quietly, and without being the center of attention. He did not want the attention of serving as Bishop of his ward but when called he served faithfully. He touched many lives. It was an honor to have known him, to have served with him, and to have been his friend. My condolences to his descendants and family for their loss and my congratulations to Stan for his graduation to the next step of the Plan of Salvation. Tom Bithell, former president of the Bloomfield Hills Michigan Stake.

There was always a confusion as to what Allison you got for a teacher. There were two and I had the other Allison! I always heard wonderful things about the tall “Stan the man” as a teacher and how he was such a nice guy. I’m so sorry for your loss...

Mr. Allison was a exceptional man. I got to have Mr. Allison coached me in middle school for basketball. Two years later I had him in high school. He cared about all his students. He made everyday an adventure. From the SWAMY” to the Karate cry this man made life fun. I will never forget Mr. Allison and anyone that had him they will not either. Rest In Peace Stan I can still hear his voice…….

Mr. Allison was by far one of the best teachers I ever had. His sense of humor, intelligence, even temperament and Karate scream will always be remembered. What a great story teller. He loved to share stories about his life experiences and family with our class. There was also talk of a Buick Roadmaster. Peace to Stan and family.

Dear Stana (and the whole family), I send my deepest sympathy to all. Stan held a special place in my heart. We first met when we were both students at Wayne State in the early or mid "60s. Being the chairman of the South Lake social studies department I recommend that he be hied and he was, He worked well with the other members pod the department and his students really liked him. I never knew he and the family moved back to Utah. I suspect that some how we are related--both being Allisons. Some time when you have a lot of time you could look up our heritage in the ancestry records in Salt Lake City, I really know how you feel about his passing because my beloved Shirley passed away in April. Again- please accept my deepest sympathy, Donald D. Allison 22710 Colony St.Clair Shores, Mi 48080

My sympathy to Don's family. All of our children, biological, foster, and foreign exchange students, had Don as a teacher and I worked with him for many years at South Lake. He was always kind and caring. I didn't know he had moved to Utah since we moved to Wisconsin several years ago. It's good that his family could be there with him in his final days.
