

Donald Anthony Haws

December 20, 1948 ~ August 24, 2025

Beverly was a friend while we were in school and we worked together for a while after high school. We had caught up with each other in the last few years. And now to hear that Bev and her "Donald", as she used to call him are both gone is quite shocking. I know they really loved each other as evidenced by their long years together. Prayers for your family at this tender time.

- Julie Davis

Don was unique & sincere with a dry humor and will be missed by many, myself included. I like to think he's enjoying a younger body & free of pain. Hopefully enjoying the company of his beautiful wife, Beverly. Happy Trails!
