So sorry to hear of Don's passing! A great man for sure. I have fond memories of him, Helen and the Hermansen family. I too remember Don as a man who demonstrated a quite strength – humble, hardworking, always focused on the good. 'Steadfast and immovable.' By his actions, you knew his belief, direction, and what he hoped for in life. My connection with him and his family was at an impressionable time when decisions I'd make would affect the rest of my life: mission, school, work, family. His example of faith in God and commitment to family taught me so much. He and Helen have taught through example; what I learned from them has helped me create a path to raise my own family. Thank you! Don was my escort when I went through the temple for the first time. He made a potentially intimidating experience, understandable and peaceful. That he would offer to help me appreciate something as important as the temple endowment meant a lot. My first experience with family prayer and its

significance, came because of Don's example. Don and Helen have raised a wonderful family. Ultimately that might be the truest measure of a person's life: how one has nurtured and taught their children, and the contribution the children make to improve the lives of others. Although my connection with the Hermansen's has been limited for many years, its plain to see the positive impact their children have had on others. 'By their fruits ye shall know them ...' Again, so sorry for your loss. Wishing Helen and the amazing Hermansen family the very best. You have Don's great example to look to as motivation going forward. What a blessing.

To the dear Hermansen family, Don and Helen have been such an enduring example throughout all our lives...especially as we have shared such wonderful years with so many of their children as we all worked hard together in supporting our families. Our lives have been forever influenced for good through the Hermansen family. We love each of you, and are so grateful our lives came together in such meaningful ways. We have only inspiring memories of Don and his steadiness, his faith, and his devoted example. What a treasure his family was to him. His goodness has definitely been passed to his children. We express our love to each of you as you go through this loss of such a great man. "I have a testimony of death. It is that without death we should not fully understand how much we love those who go; and this is equally true of our dying; we know when we are dying how much we love those we are leaving behind....The experience of death is perhaps the greatest experience of love that we can have in this world. " - Arthur Henry King We especially send our love to Helen, DeVal & Jodi, Brian & Debbie, Lorin & Crystal, Scott & Jessica, and Mark & Janet. We pray Heaven's blessings to be with all of your family as you go through this "greatest experience of love." Our love, Harold and DeAnn Larsen
