

Donald Owen Caddy

July 7, 1926 ~ January 3, 2024

We at Chancellor Gardens absolutely loved Don. He was a joy. And it was an honor to care for him. He will be missed especially on our men's club out to lunch. Hopefully up in heaven, they have 16 inch pancakes that he can try to eat again.

I am so sorry for your loss. I loved Don and was very fortunate to get to know him better over the past 6 months working at Chancellor Gardens. He always made me smile, because of his big smile. I am sure he will enjoy playing poker in heaven.

Kris, Mal, and Sterling. Don was a character. I only really knew him a short bit but I really enjoyed the time I spent with him. The stories! What a life he must have had before he met Elaine and was in the Navy and then working in Guam! I'm sorry his life has ended but I'm sure he is dancing in Heaven with Elaine. I admire the way you took such wonderful care of Don, especially Mal and Sterling taking him to Wendover almost every Friday just so he could play poker and gamble a little bit. He SO looked forward to those trips! Mal, Kris, and Sterling, you are in my prayers.

Kris, Mal, Sterling and family, Our deepest sympathy and prayers to you all at this time for your dear sweet friend and step Father. This is a hard time to let him go, but he is in heaven now dancing with his sweetheart Elaine. He lived a wonderful life and was loved by so many. His service to our country in the Navy was admirable. The opportunity to go with the WWII Veterans Honor Flight to Washington DC was an amazing adventure. God bless you all at this sad time. Love, Cherrie and Andy Burgess

I worked at Chancellor as a waitress and loved talking to Don. He told me he attributed his long life to having a positive attitude! And he was a very positive person and had some fun stories to tell! He liked to talk to anyone who would listen. He appreciated small things. I put sliced bananas on his Cheerios once and you'd think he'd won the lottery! What a great man he was.

My condolences to all of Dons family for the loss of a great man, Don will be missed by all who knew him, he will be especially missed by me, I will miss watching the Utah Jazz game with him, planning to take a trip to Wendover Utah for his Birthdays, to include putting on his music for him from way, way back in time. Don had a lot of stories he told me, he especially loved to brag about his nephew Deon, and always talked about how hard Chris works, the wonderful dinners Chris would make on the holidays, and all she did for him and the family, all the time Sterling took to help him out and made sure to get him to the bus every Friday for his Wendover trips, and lastly, how Mel and Sterling were driving him out each Friday so he could continue his Wendover trips and then he would tell me how well he did playing cards, being driven to Wendover Utah every Friday made Don feel very special and loved, thank you all, he loved you. Dons' passion was to "Celebrate Life" by having a great time always and being with family and friends, I will miss you "Caddy" R.I.P. your friend, Nancy.
