So sorry for your loss

- Nels

So story for your loss

- Nels

Grandpa, we love you so much! Rest in peace, grandpa. We will miss you very much. Keslie says you will always be her favorite Cookie Monster and will be missing you. Love always, The Bassett family

- Ashlynn & Marshal Bassett

I'm so sorry for you're loss.

- Jon Foulk

First I'd like to say thank you to this wonderful family of 37 1/2 years. To my sister's Sarah & cindy, I'm so grateful for having you in my life, I don't think there's anything I can say other than I'm sorry for your loss, if you ever need me I'm there, your dad was something special, he was my mentor and friend, in the last eight months with him we talked about so many things, things we wanted to talk to each other about but never did till now, I'm going to miss dad dearly, to stay strong during his time here with him was extremely hard for me, I can only imagine how you feel, but I lost a father as well so I can relate, this family means a lot to me, I just hope we never grow apart or become enemies, I've never had a family like this as you already know, this family saved me 37 1/2 yrs ago more than you know, I love you guy's and promise to be here to help with mom as much as I can, love jason

- Anderson Patrick

Though I always called you uncle Wesley you were more like a dad to me, you were always my favorite uncle. You always seem so mild mannered and even tempered, I never seen you get mad. I chose to live with you and Aunt Linda and the girls because I felt so comfortable with y'all. I'm going to miss you so much and I'm so sorry I didn't get down to see you sooner, Love you Uncle Wesley, I hope you can join your siblings and your parents and all be together

- Laura (Byron) Osborne

To Aunt Linda, Cindy, Leslie, and Sarah, I'm very sorry for your loss and sorry I can't be there. I hope you can find some peace. I know Wes was a wonderful husband and father. I greatly appreciate uncles Wes and his service to our country. You are all in my thoughts. Love, Cathy

- Cathy Whitney (Gibson)
