We love our sweet Aunt Donna! She treated us with kindness and love every single time we spoke. She radiates love and the light of the Savior. We loved visiting with her when we were living in Salt Lake. She always greeted us with joy and made us feel very special. We will always be grateful for her positive influence in our lives. We love you Aunt Donna. We will miss you for a short season but look forward to our next chance to visit. We are grateful for the knowledge we have of eternal families. Mom is hoping they will hold the party for her. We love you.

I loved visiting with Donna, her vibrant love of life touched my heart and I always left her presence uplifted. I feel the same each time I have the opportunity to watch her daughter in action and am in awe of all she accomplishes with such quiet dignity. I know her children and grandchildren have quite an angel watching over them now. May you all feel her love often throughout your lives.
