Christian, You and your family were blessed with a great mother . Im sure she is proud of your hard work in Medellin and carrying her legacy,

- Martin J Tunney

Donna was a hard-working homemaker, a dedicated mother, and a responsible, and amiable wife. I treasure the children we had together, and the many good and cooperative times we shared as parents and family. She deserves high praise for the good and respectable life she lived. I grieve for our children during this time of loss. R.I.P. Donna. Michael

Thank you Donna for always being there for a couple of crazy kids. You leave a wonderful legacy for your family and were always the epitome grace, class, and kindness. I'll always remember your Christmas goodie plates, your never-ending patience with miscreant teenagers, and your ability to always make me feel welcome. Deepest

condolences to all the Robinson's. May God bless and keep you. Christian my brother - love you buddy.

Donna I surely miss you. I apologize for missing your funeral this morning. I fully intended to attend, even dressed for it when I got up. But, alas, we are in the throes of moving and the time got away from me. I am so sorry. I loved you as my neighbor of 18 years and a visiting teaching partner for 15 years. I was so fun socializing with you. Then you moved away, and now , I moved away (still am moving). I love the photo of you. It reminds me of the sweet, young, beautiful woman you are, and always have been. I love you.

We (my husband and I) served in the Cumorah Mission with Donna and certainly thought she was one of the best with such a warm smile and care for everyone. Certainly wish my condolences to the family - we will meet on the "Other side" soon. Love, Norma Rigby Bench

I want to add a P.S. to my earlier message. You were always such a giving person, and I was the recipient of those favors. Not only at Christmastime, but other holidays as well, brought me plates of your delectable delights. Thank you Heavenly Father for bringing Donna into my life. She enriched me very much. What a blessing to have known her.

Donna was a friend to everyone and we shared many fun conversations. I really missed her when she moved out of our neighborhood. I loved her kids and enjoyed having the older girls tend my kids when they were young. I had no idea she had dementia but it has been a long time since I had seen her. She always tried to do the right thing no matter the consequence. Hers was a life well lived. Our loss is Heavens gain. Gunn

Dear Robinson Family, We so enjoyed watching the video and remember with such fondness your ever pleasant, positive, delightful mother. I am certain she has shared many good traits with her beautiful children and grandchildren. You can see in the eyes of your entire family these things will live on. Please know how much we love you and how much we loved and will miss your dear mother. Sincerely, Doug and Linda Brewer Family

Time continues to fly. Today I had a chance to watch the entire slideshow our kids created for the funeral and remembrance. It touched me, and I feel sad that I wasn't a better husband in the early days of our marriage. It isn't that I didn't make the appropriate apologies to her, many years ago; there's simply no way to undo the missteps we make in our lives, and I will carry that disappointment with me always. Whatever excuses I may have made to myself--particularly regarding what was an essential mis-match--I should have done things differently. I've said it before, and now I'm saying it again. Donna had many wonderful qualities and tried hard to be a great mom, homemaker, wife, and friend. I will always love her for the good in her life and for the great children she helped to create. RIP, my friend. Michael
