

DonnaRae Labrum Tietjen

March 18, 1928 ~ January 7, 2024

Our hearts are with the entire Tietjen extended family. Not only will she be remembered, but her deeds have created children of extraordinary compassion, something I believe will be passed along for many generations to come. Love to all of you. Johnny & Pat

My dearest Toni, stay strong, your mom was such a lovely lady and nothing will replace her. I am sending your way my best and will keep you in my thoughts.

I will really miss my cousin DonnaRae. I have really enjoyed talking to her on my phone the last four years she's lifted me up when I needed to be lifted up. She also inspired me continuously I'm going to miss talking to her. She always made me feel like I could handle any challenge I had in my life. I love all my cousins and their families. Love you all and God bless everyone love, John Edrington and family.

Dear Tietjen friends, I was sorry to hear of your mother's passing, but moved by your talks and by the love you shared with her and with each other. I remember her as a warm, kind, loving friend. My parents George and Caroline are surely among the crowd welcoming her to the other world. I have many fond memories of your family. Love and best wishes, and look out for yourselves. Mary Ann
