

Doris Marie Tarbet Sweeten

June 24, 1928 ~ November 6, 2022

I’m so.sorry for your loss. Doris was a beautiful lady both on the outside and inside. She will be missed by everyone. You are all in my thoughts and prayers.

- Barbara Stringham

What a lovely lady. I have known her son Todd and his wife Fran. Todd is such a kind and helpful person. His mother taught him well. God bless the Sweeten family as they celebrate the life of Doris and move forward to honor her.

- Dr. Mark Bezzant

Dear Family, We loved your dear mother so very much and have the fondest memories of all the good times we have shared with her and your dad and each of you. She always made us feel so special, as we know she did everyone she was ever around. What a beautiful spirit and loving heart we felt as we gathered around her from the time we were young. We are so grateful she has been in our lives. We love each one of you and feel blessed that we are family. Our hearts feel of yours at this tender time of parting, Lynn & Carole Williams

- Lynn & Carole Williams

Doris was such a good friend and always will be. Just the other day Carole Boshard and I were talking about her and were saying how much we loved her and how amazing she is that she has lived such a long industrious life. They were in our temple sealing group she and Dewey, and we love them dearly. They were always an example of such love for each. I will not be able to come today but know it will be a grand celebration of her accomplishments and her love for all of mankind. I was thrilled to see that you were having it available for all of us to watch and will do so.
