September 8, 1928 ~ March 20, 2021

Dear Paula, and family, We are truly sorry to read of your mom's passing and offer our most sincere condolences. She was a wonderful lady! We remember her kindness and service. We love you mom and your dad! They have left such an amazing legacy. We just now found out about her passing. We just happened to look under Larkin for someone else's obituary, and then found Lois'. Regretfully, neither one of us can attend the funeral, but you will all be in our prayers. May Heavenly Father bless you.

Our prayers go out to the family of this wonderful women and our dear friend. We will miss our almost daily phone calls with her. She has been such an example to us and will always be remembered. She was always so kind and encouraging. She will be greatly missed but we also know she is with her wonderful husband that she so longed to be with. We love you
