

Dorothy June Higbee

November 1, 1935 ~ February 21, 2026

We are so sorry for your loss. We've known Dorothy ever since 1975 when we moved to Fontana. She has left a wonderful legacy that has affected many people throughout her life and she will be missed by many. Both she and Gene were great examples to us. We were very young at the time and had small children and Dorothy and Gene were so kind and helpful to us. We have so many wonderful memories of them from the years in Fontana. May our Heavenly Father bless Eugene and the children with extra strength during the coming days and weeks ahead. Our deepest condolences to Gene and the family. May she rest in peace.■❤■■
