

Douglas Wade Johnson

October 16, 1940 ~ June 20, 2021

Sandra, So sorry to read about Doug's passing. I have thought about you guys often over the years and remembered all the good times we used to have going to Las Vegas, water skiing and eating at fancy restaurants. Doug taught me to play golf at Riverside. Unfortunately, Della Rae passed away in 2013 from Alzheimer's Disease. So, I think I know what you have been going through. Once again, please accept my condolences for your loss. Quinn

- Quinn Andelin

Aunt Sandra and Cousins Kristen and David, My wife Peg and I mourn for you and the loss of a great Husband, Father and my Uncle. In the 60s/70s, our families shared lot of good times together. We had lots of events at each other's house. One memory was being told by Uncle Doug that Santa was at our house on Xmas eve night and that I needed to hurry and get out of the bathtub, get dressed to go home and (fruitlessly of course) try to catch Santa. The best memories were playing with Uncle Doug and his racetrack set down in the basement! I remember Sandra and Doug taking care of us when Jen was born. All great memories. He was always a great listener and stooped down to engage in conversation with you. He was always smiling and could lighten your day with his contagious laugh. Doug really knew his cars too. We appreciated his help and advice whenever we needed to change cars. He set a great example for his devotion to his family. With great regret, Peg and I are unable to attend Doug's Celebration of Life. Please know that our thoughts are with you and family.
