

Dr. Ferris Paul Allgood

August 25, 1931 ~ November 11, 2023

Ferris was my supervisor from 1992 until his retirement from the Soil Conservation Service. He was always very kind and patient with me as I was learning my new job. I was sad to see him retire. I enjoyed hearing his stories about growing up in Oklahoma. He was a great story teller. I am happy to see that he had a happy, long life after retirement.

- Judy Henline

Ferris was our State Soil Scientist in Utah when I started working on the soil survey program in 1988. He put me at ease and made me feel welcome as a new employee with his kind ways. I remember lunches with him in the old ZCMI Tiffany room and his fun stories. He made us all feel valued as employees and I appreciated and respected his management of our soil survey group. A good kind man.
