Although I did not know him personally, his profound wisdom and far-reaching visions for our specialty filtered through generations of fellows to surgeons like me. We will always hold him in our memory and be grateful for his legacy.

- Lauri Winkelman Andrus

This is such sad news. I remember being in the hospital after the birth of my third child and Rick came by unexpectedly to check on me, and to see my new baby. Knowing how busy he always was, I was really touched that he made the effort. He was such a good man who had the ability to make everyone feel special. He always brought smiles and laughter every time any of us were lucky enough to interact with him. I love how happy he made Susan, and how good he was to his family and friends. Rick, you'll be missed. There will never be another like you.

- Robyn Misewicz

Peace & Grace be with you all. Sincerely, Dale Meyer

My heart is so broken. This man was essential in my healing and surgery from battery acid burns to my cornea's in 1996 after involvement in a near fatal car accident. I loved him so much and looked forward to seeing him for my appointment's. He performed eye lid surgeries and cosmetic surgery, over the years following my car accident. I will never forget his cowboy boots … he even wore them in the ER. Lol. He always greeted me with a kiss on the cheek. He will always be in my heart for the tender and loving care he gave me, during a very difficult time. The Heavens gained the most beautiful Angel. Hugs to you all.. ■

- Karen Kimball

We are deeply saddened to hear about the passing of your beloved Rick. He was not only a good friend to us, but also a wonderful person who touched the lives of so many people. I know that no words can take away the pain and sorrow that you are feeling right now. I can only imagine losing a spouse is one of the most difficult things anyone can go through, and my heart goes out to you during this challenging time. Please know that you are not alone. Doc was loved and respected by so many people, and his memory will live on forever. I hope that you can find comfort in the happy memories you shared with him, and in the knowledge that he will always be with you in spirit. If there is anything that we can do to support you during this time, please do not hesitate to let us know. Our thoughts and prayers are with you and your family as you navigate this difficult journey of grief. With heartfelt condolences, Steve and Chanin Peterson

- Krystkowiak

So sorry for your loss. We will be thinking of you at this difficult time. Rick was a great guy and I know he'll be missed.

- . . Bob Crane and Connie

Rick was a giant in our field of oculoplastic surgery. Well known for his academic rigor and great sense of humor. He was instrumental in creating or popularizing so many surgical techniques that later generations just use as standard and take for granted. Always the life of the party at our society meetings. He will be greatly missed.

- Matheson Harris

I was saddened to learn of Dr. Anderson's passing. As a blepharospasm patient and former President of the Blepharospasm Foundation, I was grateful for the many years he gave to the Foundation as a member of the Medical Advisory Board. I saw his dedication to patients who would line up at our annual conferences to speak to him and get his advice about their condition. He made a difference in the lives of many through his myectomy surgeries. He also had a wonderful sense of humor. My condolences to his family and friends.

- Nilda Rendino

It has been a great pleasure meeting Rick and we will keep fond memories of him, his zest for and in life. We are in thoughts with you Susan and all of Ricks family

- Margaret Keate

We are sending all our love and prayers to family and extended family at this time. We will always be so grateful for the kindness and care he had with our mother.

- Bowyer Family

My condolences to each and everyone of the Anderson clan. The obituary really said it all and I feel so privileged to have trained with Rick in Salt Lake back in 1986/87. He had a profound influence on my personal and professional life. A mentor, then a colleague, then a friend. Always there to help you through a tough case or a family crisis even though you were 2,000 mikes away! His energy and zest for life was amazing! Thank-you so much for everything you did for me. I am so very grateful and always will be. All my love - Dave Jordan

- David Jordan

Erin, Susan, I am so very sorry. Rick was as tough as an old buzzard, and he will be missed greatly! He went out on his terms, and that doesn't surprise me at all. I still remember the first workouts with him and Erin and all of us in the late 90's, and could he throw a party! Just thinking about him as I look down at my 8" X 6" calendar that just has a picture of a bird and 2023 on it. Maybe that is appropriate! With love and affection, Leonard

- Leonard W. Burningham

So sorry Sue. Our thoughts and prayers are with you and your family. Love to all.

- Scott Trussell

I live in Mississippi. I’m forever grateful to Rick. The first thing he taught me was loyalty. Rick was known for taking foreign fellows. (I think he was compensated by their respective countries!) However, as fate would have it, some how, some way there was a gap of sorts. I literally called Paul Zimmerman on probably the only day it would work and bingo, I got a chance to work with Rick for a year. He got a call sorta protesting my opportunity. Even barely knowing me he put up a wall only the way he could! He called it like he saw it and he was rarely wrong. This was a quality many don’t have or appreciate. He was so courageous in that. Another lesson learned. Even though I was the “foreign “ fellow he treated me with respect and let me operate abundantly. (I’m not sure any of the true foreign fellows were so fortunate!) He was so much fun to work with! He was so witty and savvy that you just enjoyed the days in clinic and surgery. He simply led with his strong work ethic and personality. At the same time he was uniquely patient, at least, with me! He was an amazing teacher because of all of these qualities. In the end he was

just a really great guy and I am honoured to have been one of Rick's guys. We all will all miss him!

- John McVey

Dear Susan, I have many fond memories of you and Rick at all the football games. He always brought the fun and made me laugh. Just this past fall I was able to connect with him and he had me laughing again. I will certainly miss seeing him. I'm so sorry for your loss Susan. Hard times ahead. You have lots of support, so be sure to lean on everyone. I will be out of town and unable to participate in the viewing or funeral. I will definitely be thinking of you standing there, keeping everything together and missing him.

- Karen Nickell

Susan and family so sorry to hear about Rick he was a great guy and well respected by all of us at Ruth's Diner will miss him singing on the patio on Thursday nights

- Erik and Tracy Nelson and Ruths

Generous, funny, kind, powerful, influential (no one could effect the outcome of a Jazz game with greater finesse) and revered: this icon will be sorely missed as there are few who lived with as much joy and passion! Love to the family and friends who stood by, frankly agape at the fervor and appreciative of the genuineness.

- Steve and Liz Burgess

I am so sorry for your loss . I can't even tell you how much I appreciated Rick and his humor, he was such a fun guy to be around and always made everyone laugh and smile . They broke the mold with him , everyone will surely miss him and our world is less of a place without him . Please let me know if there is anything I can do

My families deepest sympathies to the family of Richard L. Anderson, MD. Dr. Anderson was a "Giant of a Man" who I had the honor of being my mentor in Oculoplastic Surgery and as a friend. Despite having a world renowned reputation, Dr. Anderson was so down to earth that he wanted everybody to call him Rick. Rick taught me the surgical skills that I would use successfully over the next twenty five years to help patients with ocular and eyelid problems. I also spent alot of free time with Rick mountain bike riding, on century bicycle rides, and 10K runs. Needless to say, I enjoyed the time I spent with Rick Anderson tremendously and will miss him very much. Rick L. Anderson, MD, is immortalized through all the lives he's touched as a doctor, as a mentor, and as a family man.

- John & Stacy Hunts

Sad to hear of Rick’s passing. He always touched the lives of others in a positive, friendly way with that big smile of his. Class of ‘63 Newton High School classmate and teammate. Doug

- Craig Tillotson

My dearest Susan & Sadie my heart is broken for you. Rick was such an amazing man, brilliant loving, sweet, devoted, adorable and funny. Every time I think of our time together I smile and feel his joy in my heart. He truly gave a lasting wonderful gift to everyone who has ever met him or had the privilege of calling him their friend. My life has truly been blessed by knowing each of you . Even though I haven’t seen u in such a long time I feel such a huge loss of his presence in this world. You are forever and always in my heart♥■I love u so very much■

- Kellie Nunez

I am very sorry about Rick, he was a wonderful person, full of life and definitely one of a kind, every time I saw him, he would make me laugh, of course at my expense but I enjoyed it, he is going to be missed by every one that knew him.

- Hamid Nakhai

I was deeply saddened to hear of the passing of Dr. Anderson when my sister, Drue Didier told me recently. He and his wife have been a blessing to our family. He has been a wonderful and supportive friend to my dear, late mother Pam Bowen and my sister. Dr. Anderson was there to help my mother with her cancer through his gifted surgical abilities. He has also done much for some of my clients who have suffered severe facial injuries.. He truly helped heal them in so many ways. Yet, even with all of his special surgical abilities, he is even a better man than a gifted surgeon. We send our love to his dear wife and family and pray that our Heavenly Father will assuage the bereavement they must feel at his loss and fill their hearts with the love and knowledge of having such a good brother, husband, and father, until they are reunited with him again someday. ❤■

- Jerome Bowen

Rick had a special role in shaping my career in oculoplastic surgery - I remember fondly the time I spent with him in SLC in the 90s . My deepest condolences to all his beautiful family. His positive energy and scientific creativity will be sorely missed. His outsize legacy will endure for generations to come

- E Elahi

- RANDY ZORN

Rick and I have been friends since 1973 when he was a fellow with Crowell beard and I was a resident at UCSF. One of the more amazing things that Rick did was to attend and give lectures at every single blepharospasm foundation meeting– even the international ones. Rick was also a lot of fun to party with to say the least. I don’t think there was anything in a humans life that he did not experience. He had a life greatly lived.

- Mike Callahan

I am truly sorry to hear about the loss of a legend , larger than life, Dr. Rick Anderson ! Although I was not directly trained by him, all three of my mentors along the way were Rick’s fellows . I am one of numerous oculoplastic surgeons that he has trained and for that, I am eternally grateful. With much love and gratitude, H. Jane Kim

- H. Jane Kim

To Susan, Mark, and Erin: We shared some of the most challenging times in Rick's life together. Your devotion to him held him together when he needed it most. You were the center of his universe and the loves of his life. To all the fellows: Rick gave to each of us different things, but the one thing he gave to all of us was an opportunity....a chance. I think it safe to say we all took that brass ring and ran with it. I know that gave him pride and satisfaction. To Rick: See you in Valhalla brother. Bill

- Bill Mcleish

Richard was a good friend, invited me to several Jazz games, and let we wave the rubber chickens. He was generous, funny and a friend to all. He will be missed.

- Mark B Taylor, MD

Our deepest sympathy to all of Rick’s family.We were friends of Rick for years.Ute knew him when he was an intern just as he was beginning his long and very successful voyage in medicine. We wish him fair winds and following seas on this his last and most important voyage! Ute and Jim Fowler

- Jim and Ute Fowler

I had the blessing of training with Rick following my discharge from the Air Force. I was “prepped” by prior fellows before starting about his personality, interests, and the training. I wanted to do my best to honor those that helped me get there and Rick especially for selecting me for his very competitive fellowship. Many of his trained fellows themselves went onto become giants in our field, and I wanted to be considered worthy. What I didn’t know is just how much fun and hilarity would ensue over the next 2 years. I also did not know how close I would become to Rick both during and even following my training. We shared a passion for outdoor sports and fitness, and I learned so much from him on taking care of your staff and patients. He was a role model for being at the top of your profession and still loving your family and friends as a top priority. I've said it many times, that fellowship with Rick Anderson is as much a way of life as it was surgical training. I am grateful to he and his wife Susie, and I am a better man for having become a part of their family and the positive role-model he was to me in so many ways. There is nothing I am prouder of than having been one of his fellows and join the Anderson lineage in the subspecialty of Oculofacial Plastic Surgery. I will forever miss and never forget him. He went from being my fellowship preceptor to mentor, friend, dad, and brother. Every day, I strive to make the lives of my patients and staff better, just like I saw Rick do working alongside him for those two memorable years.

- John Burroughs

Susan and family our hearts ache for you. He touched so many lives in such a positive way. He will be missed greatly

- Terry sawchuk

First time I met Doc I was with my fiancé. He officially let me me know I was a mini cheeseburger. As well as some other things. And our love grew from there. My Dad “Doug Terry “ and I a few years ago went skiing with Doc on big blizzard powder day. I battled to keep up. I happened to ride on lift with Doc and I asked him if he could give me any tips of how he had so much freak energy and endurance. I asked if there a supplement your taking or testosterone. Please help me know. He simply said “ Oh God if I took anything like that Susan would kick me out of the house “. We got off the lift he glided through the waste deep powder. As I huffed and puffed to keep up. Much love Jared Terry and family.

- Jared terry

I am so sorry to hear of Dr. Richard Anderson's passing. I wanted to send my condolences to his family, friends, and staff. And, to say "Thank You" to Dr. Anderson for his help. RIP, Dr. Anderson.

- Loretta Baca

Dear Susan and Family Dr Anderson was truly an exceptional human being and I treasured the special moments I shared with him such as the Italy trip in which we sang on the streets. He will be always remembered. My love to you and the family.

- Jose R Montes MD

I was fortunate to meet the Doc through some mutual friends (socially) and I always felt like a better person for knowing him. From the rubber chicken at the Jazz games to his BYU cheerleading outfit at the U or a 4th of July weekend at the Bar B Ranch in Promise Oregon - he was the center of attention and always made me laugh . My condolences to the entire family and the world became less interesting without Doc Anderson in it.

- Jeff Beatty

Susan & Sadie, So sorry for the loss of your dear Rick. I had the pleasure of getting to know Rick and Susan when we were lucky enough to be invited for a week stay on Kauai with mutual friends (circa 2005/2006). He (and Susan) brought so much humor and fun, making that one of the most memorable life experiences. We were in awe of Rick's seemingly endless energy, athleticism as well as his friendly, kind spirit. Wishing you and your families strength as you grieve this tremendous loss. Much love to all of you.

- Amy Jo (formerly Graham) Smith
