

Dr. Robin Winnifred Gray Bennion

January 4, 1932 ~ January 17, 2024

We are so fortunate to have had Robin in our lives. Her warmth and generosity of spirit was a gift to everyone who knew her. Just to spend time with her was a joy. We will miss her so. My love and condolences to the family.

- Ann Brest van Kempen

We are grateful to have been Robin’s neighbors for many years.We appreciate her positive influence in our lives. She played music with our girls. She taught the cub scouts about the historic mulberry trees in her yard. We often had the pleasure of her company on the bench at church. Her good influence in the neighborhood will be cherished and her gift of music remembered. Thanks Robin for making our lives better with your presence.!
