

Dr. Stephen D. Matheson

April 26, 1934 ~ October 11, 2024

I remember the days that “Grandpa” Steve would come to the preschool at the U and pick up his grandson. The love he had for them was always in his smile that he would be able to spend time with the. He loved his family. I am grateful to be part of the Matheson family. My grandmother Lily love her Matheson family. We remember Steve with love Sandra

- Sandra Grimshaw

He was the best dentist by far I have ever had. His Karl Malone stories helped keep me distracted while he was drilling out my cavities. He was great.

- Ken Rose

Steve shared a birthday with my daughter Vivian, and this was a point of tender connection whenever we came out to visit. I will always remember his gentle smile and good natured laugh, as well as his excellence as a dentist! Please know are all in our prayers in this time of loss.

- Jess Irish

Steve was our family's dentist for many years and a friend as well. I remember him coming to the office after he retired to pick up toothbrushes to give out on Halloween. That memory makes me smile.

- Joyce Green

We were so greatful for the hornor of being patiences of his.what great and wonderful experience to go to the dentist.j so friendly, & professonel always.the best dentist we have evey had .from his earley beginning to his retirement. So sorry for our loss but many great memories. Sincerely He will be missed so much
