

Dr. Jerry Allen Herndon, PhD

Jan. 9, 1939 ~ Jan. 8, 2022

I have wept, prayed, laughed over my memories and wept more once learning of your loss. What a wonderful tribute written as I watched and knew the love Jerry had for his family and his many passions of which he followed. Hunting and searching the woods of KY for ginseng were just a couple of minor things he loved. I admired Jerry for all that he loved but mostly his Faith in God and his love of family. I was Blessed to know him and continue to be Blessed with all the rich memories of him. You are my family and I will be there when I'm needed! I'm so sorry that Jerry's light isn't here to follow on Earth but, thankfully, will be there for you one day to gather around once again. Love you, Kim Cekaitis

We are heartbroken to lose Daddy so soon and unexpectedly. We love and miss him so much, but we know he is no longer suffering and is with our Heavenly Father. Daddy was our hero. We miss his love, wisdom and humor. Our hearts go out to all our family, with prayers of comfort and healing. We wish we were there with them. Love, Vicky, Trent, and Thomas Dalton
