Kristi and Haley,, We are so heartbroken… Your family is family to us. We love you guys so much and will miss Drew with our whole hearts. It is so hard to process all of this but it is comforting to know he is there with Max. Although we are feeling so much sorrow and sadness, know that we will be there always for you two if you need any support. Drew was an amazing man and one of my heroes. The things he would do for others and how he would make others feel so important was one of his amazing Attributes . The fact that while he was in the hospital fighting to get better, he took the time to learn even the janitors name and learn a little bit about them.. Enough to make the janitors check in on him every day because Drew made him feel important. That’s the kind of guy Drew was. Drew was such an incredible person and he will never be forgotten. Kristi and Haley, We love you both so much.Thank you so much for being part of our Utah family.

- Shana Absey

You taught me what it means to be a leader and hopefully I will become a leader like you were one day. I am grateful for what you taught me and that I was able to work for you. I will never forget when the new recruits were doing ride alongs and you asked them if they said goodbye to their families. Lol! Rest In Peace.

- ZJ

Very sad to hear of your passing. I will look back fondly on being deployed together. Going to have a cigar and a cold one in front of a campfire in your honor, just like we did downrange. Thank you for everything and you are my brother always!

- CPT Morgan Kim, USA

- Rebecca Vondras Fleming

LeeRoy and I are thinking of you at this difficult time. You and your family are in our prayers

Drew, I think back to the two most recent occasions that we met. One, was on the eastside with mental health issues involved and you, "how does it feel to be treated like you know nothing about this life (job),... good to see you though." It was great catching up with you then, and then again with Kristi as you both came out of the PD. You'd been to the Art Fair and didn't hesitate to stop and chat, thanks for that too. Kristi thanks for taking the time then and for such a terrible loss to you and your family, and to all of us that knew him on the job. There was never any doubt that he'd have your back if trouble came calling, making him exceptional.

- Steve Cutler

My heart and prayers go with you in the sorrowful time. Love always.

- Lisa Moeller

A soldier and his shield I knew a soldier who loved his country. Who served for honor, regardless of money. A master tactician, all would say. Battle tested and trained, to lead men into the fray. The soldier found love and began a family. Through all the joy, they endured tragedy. The soldier then carried a shield on his left. He served the community till his last breath. He was an officer, a detective, a sergeant, a lieutenant. A decorated hero with medals and pendants. This soldier we love, and the shield that he carried; will live on in our hearts long after he’s buried. For this soldier and shield is Drew Measels, we thank you brother, you served us well.

- Sioeli Pangia Folau
