I have many fond memories from my classes at Murray HS with Duane. Especially watching him trying to master writing left handed. My own children also have similar memories of their time in his classes. As a family we wish you condolences at this time and may God bless you in the coming days.

Mr Young or Doc as we called him was the kindest teacher I ever had. He really cared about students and was always willing to give extra help. He was very genuine and I appreciated that about him. He will be missed.

Our family has so many memories that include the Youngs. I am sorry for the loss of such a big part of your life. He will be greatly missed. Love from all of us. Lisa Brian Aysa Brinlee and Caden

A great tribute to a great man. He lived a full life filled with service and love for others. May the peace of the Lord settle upon the family and the significance of a life well-lived be a guide to all who remain.

Marilyn and family, I am Woodrow Young's daughter. I am so sorry for your loss. I wish I had known Duane better, but the few times we saw him were special. He came to both my parents services and was always caring and loving to us. I know Jim and Susan are planning on attending services and I am through zoom. May you feel peace and comfort as you go through this hard time. My prayers and love for you all. Joan Dana

We were lucky enough to move in next door about 9 years ago. The best neighbors! When our youngest was small, he would sneak out of the house to go hang out with Duane. We'd tell him over and over to tell us if he wanted to go say hi to the neighbors, but he preferred sneaking out, haha, and when we found him he would nonchalantly say, "What? I was just went to see Duane."

Duane was a kind, gentle man who loved serving others and serving the Lord. We have a lot of pleasant and positive memories of him as someone who truly lived what he believed in. God bless you and your family.

Dear Marilyn and Family, My thoughts are with you all. My parents, Woody and Veda loved you and Dwayne so much, and talked about you with fondness. I know they are having a great joyful reunion. I pray that the warmth of your memories and the concern of those who care so much about you will bring you comfort and peace in the days ahead. I wish I could be there for the funeral, but will watch from the link provided by the funeral home. You are loved, and in my thoughts and prayers.

Doc was extremely influential in my life. I am forever grateful to all he did for me as one of his many admiring students. My thoughts are with his family. Know that he was loved by many.

I have fond memories of Doc trying to teach us Calc. at MHS. He sure tried hard to make us understand math. One of the teachers that stood out in my memory.

- Brian Ruben

I was one of Mr. Young's math students at Murray High School. He was a wonderful teacher and builder of confidence and character. I graduated from MHS 47 years ago. I went on and earned degrees in electrical engineering and spent the last part of my career teaching engineering. He gave me a good start in math. I still have warm memories and deep appreciation for him. Lee Brinton

“Mr. Young” was the consummate high school physics teacher. He always smiled and never let a student feel there was no hope to understand. Each time I met him after high school, he remained interested in how I was doing. I am grateful to have known him and extend my condolences to his family.
